Shabazz High
School

Malcolm X. Shabazz High School
80 Johnson Avenue
Newark, NJ 07108

A Message from the Principal

To the Class of 2019:

We've made it! At last, we both gotten pass some important stages of our lives. You are graduating from high school, and I survived my first year as principal. While you must be rejoicing and screaming at the top of your lungs with joys of your accomplishments. I hate to be the one that tell you. **IT'S ONLY THE BEGINNING FOR BOTH OF US!**

The next steps are so crucible and requires more energy. These next steps requires you to find "YOU." It's an African proverb this say "Know Thyself". This is to gain greater insight into the individual that makes up YOU your values, beliefs and what makes you tick. The noise and influence of your peers lessen. The noise and restrictions of your parents will lessen, and the noise and demands of your school leaders will lessen! Only to be replaced by an inner voice screaming "This is who I truly am!" That voice should push you forward on a pathway to meet challenges head on. That same inner voice led me to become an educator with thoughts to inspire the next generation of Technology Leaders.

A challenge I have never regretted, and the success of my students keeps that light burning bright within me and hopeful of a better tomorrow. Be better than you were yesterday is one of my favorite sayings. It's those incremental changes that we make each and every day that makes us sharper. Make sure the potential energy(stored energy) transfers to kinetic energy (action or movement). Continue to challenge yourself. Do not let...

False

Evidence

Appearing

Real

stop you from putting your imprint on the world.

Do not be afraid to work hard, fail sometimes, learn from someone else, be patient and trust the Creator! I know you will make it because I did! I know you are a leader because you are forever apart of the Family of Leaders: **MALCOLM X SHABAZZ ALUMNI.**

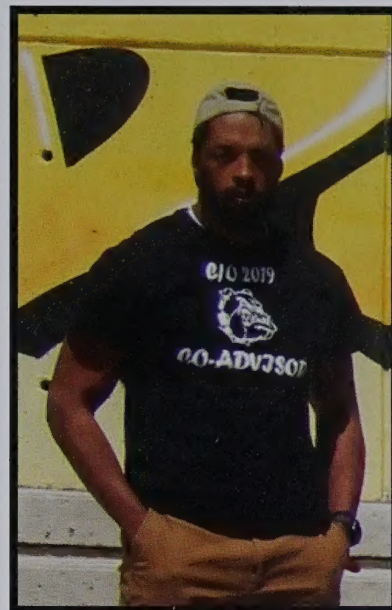

If we have not taught you anything else, remember that **YOUR LIFE MATTERS** and that a successful future begins with the decision you make in the present! Make us proud! **BULLDOG FOR LIFE!** Continue to represent that **BLACK and GOLD.**

It has been a honor to be your Principal.

Peace and Blessings,
Principal Naseed Gifted

A Message from the Senior Advisors

To the Class of 2019,

It has been both a pleasure and a blessing to be able to watch you grow over these past four years. Not only have we watched you struggle through tough times but have been there holding your hands and lending our shoulders to cry on. We have helped you celebrate small and large victories.

You have also helped us grow in ways we never would have imagined. In 2015 when you walked through those doors, not only did you become our students, but apart of our family, our babies. We were all finding your way in this world and finding our places here at Shabazz. We have grown together and we hope that the lessons we have taught you outside of the classroom are just as valuable as the ones inside.

You are all grown up now and on your way to achieve things that hopefully surpass what we ever have. Make us proud! Keep the lessons we have taught you and the morals we have instilled in you forefront in your minds and close to your hearts.

Throughout our lives, we have learned that to accomplish great things, you must not only dream but must turn those dreams in to action plans. Nothing is worse than possessing a gift and not utilizing it.

Oprah said it best: "Forget about the fast lane, if you really want to fly, harness your power to your passion. Honor your calling. Everybody has one. Trust your heart and success will come to you." Fly and in ten years, when you look back at this yearbook, we hope that ALL of your dreams and aspirations are fulfilled.

We pray for your safety and your success,
Mr. Dykes & Ms. McFadden

We Had A Wonderful Mother

We had a wonderful mother,

One who never really grew old;

Her smile was made of sunshine,

And her heart was solid gold;

Her eyes were as bright as shining stars;

And in her cheeks fair roses you see.

We had a wonderful mother;

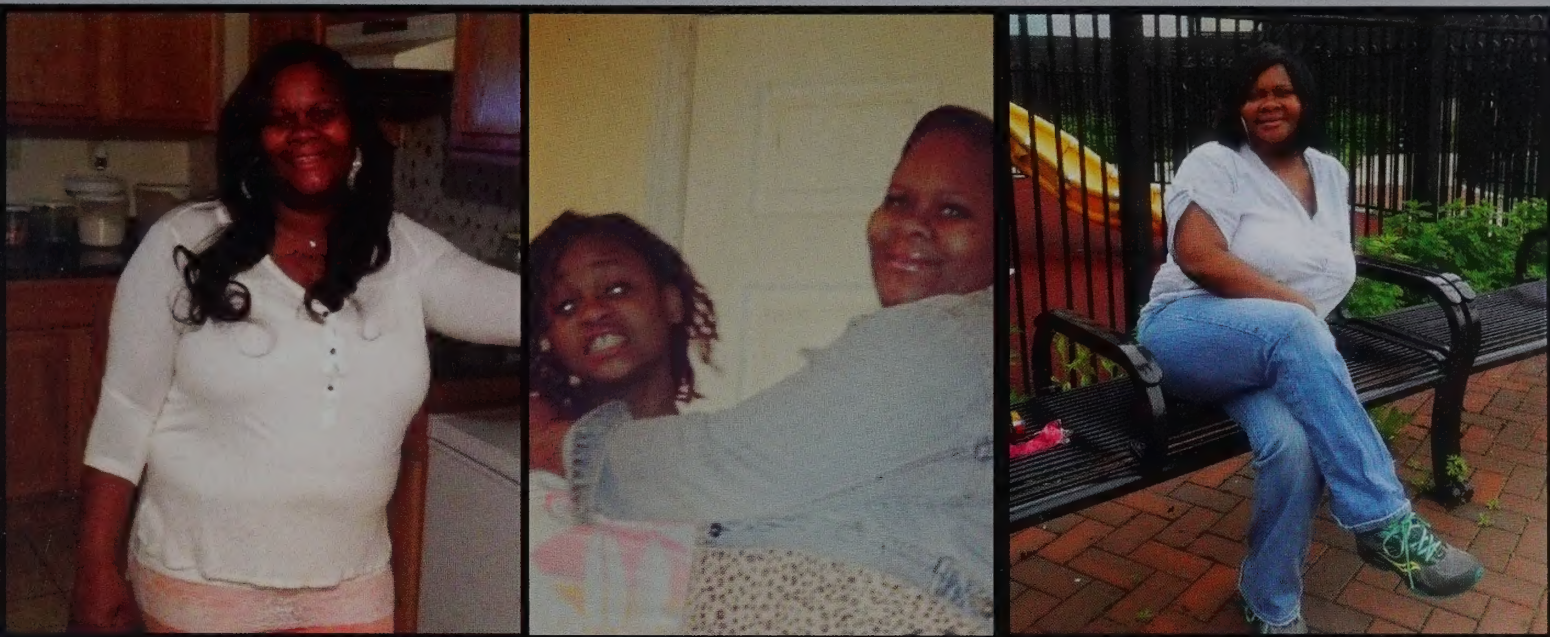

And that's the way it will always be.

But take heed, because

She is still keeping an eye on all of us,

So let's make sure she will like what she sees.

Kerhonda Tameka Stubbs

Tanya Celeste Green

Chy'Ane La'Nasia Roberts

Valedictorian

I am proud and honored in front of you all. These four years came and went in a blink of an eye. We've made lifelong friendships and memories. We've learned valuable lessons and we've accomplished so much since our start here four short years ago. I can remember being in my first A.P. class. That was the first most important step for me. It helped instill a confidence in I never had. I worked hard and juggled being a high school and college student all at once. Without that push, I would not be where I am today.

Each and every one of us here has a different experience but what we all have in common is the need for success. We all share the same drive to win. Of course we couldn't do it alone. We all have friends and family and teachers behind us, pushing us to be the best version of ourselves possible. I'll like to take a moment to thank my friends that stuck by me these past four years, my family and especially my parents for pushing me forward towards greatness to finally be here humbly giving this speech.

To my fellow peers, I'd like to say thank you for sharing your ideas, your light, and your experiences with me. After today we all will go our different ways. I want you all to know no matter what path you choose to walk, know that you're destined for greatness. Frank A. Clark said it best, "If you can find a path with no obstacles, it probably doesn't lead anywhere." Don't settle for less and always want the best! Watch out world, it's now time for us to venture out and explore what's going to be the next best chapter in our lives. Congratulations class of 2019, we made it!

Christina Renne Henry

Salutatorian

We all make mistakes. I know that I have. Like picking a wrong boyfriend causing me trouble that was a mistake, but I think I did all them a favor. Staying up the night before ACTs was a mistake also not bring a calculator to the test was a mistake, but I'm standing up here so it wasn't that bad. I have made mistakes. Hundreds, no thousands, okay maybe millions, of mistakes within my short 18 years and I know you have to. But mistakes help you grow.

Have I learned from all of them? Probably not. But more often than mistakes helped me to grow. I mean I learned that volunteering to give a graduation speech was probably not my best choice 13 hours and four speeches later, and I still don't know if this speech is good enough. But then again, I'm killing it right now, so time well spent. Period. I also learned that I'll probably never volunteer for this again, because during my senior year I was busy and this speech just took more of my time. So as you can see, mistakes are all about learning.

As we bust through this new adventure in our lives, some call being a grown up, I call the end of freeloading, we will make mistakes. We will choose the wrong major and have to pay thousands extra in student loans, but we will learn to be more frugal. Honestly, we will probably just learn how to live on Ramen Noodles, but who knows. We will miss deadlines and be late, but all these things will make us grow and change. Our mistakes will become as important as our successes because they will define us.

So, don't aim for perfect, instead, it is better to be flawed. So, thank you, parents, teachers, and administrators for letting us make mistakes. Thank you for molding us into the imperfect creatures we are today. And most of all thank you for allowing us to learn from our mistakes as we move forward. Class Of 2019 we are out.
